### ***Woodland Cemetery and Arboretum Launches New Mobile Tour App***

Woodland Cemetery and Arboretum announces the launch of the Woodland mobile app. The app allows people everywhere to "visit" the cemetery for a self-guided, virtual tour from anywhere at any time. The app is free to the public and available now for downloading on iOS (Apple®) and Android® devices. Woodland is also in the process of mapping the burial locations of over 109,000 individuals and providing families the option of linking memories and family history via a digital memorial page.

Woodland is the first cemetery in the greater Dayton area to implement this innovative mobile app which opens Woodland to people locally, nationally and internationally, who may not be able to visit or wish to tour the cemetery via the self-guided tour functionality of this new and exciting technology.

The app currently includes three of Woodland's most popular tour requests and will be updated to include all of the tours available at Woodland. Each tour stop features one of the most popular and frequently visited locations in Woodland, including the final resting places of the Wright Brothers, Paul Laurence Dunbar, Erma Bombeck, Johnny Morehouse and Levi and Matilda Stanley, just to name a few. The user also has the option to read a story of each individual or monument. The app can also be used by people who are on the grounds of Woodland for self-guided tours, as it provides turn-by-turn directions that will be a very helpful tool in navigating the cemetery's 200+ acres.

"The innovative Woodland mobile app is a tremendous leap forward for Woodland, Dayton's most historic cemetery, and one of the nation's oldest rural cemeteries" said Sean O'Regan, president and CEO. "It has been said that the story of Woodland is the story of Dayton, so having the ability to bring the history and beauty of Woodland to all via a smartphone is a wonderful opportunity to give back to our supportive community."

To download the free mobile app, search for Woodland Cemetery at the app store. For more information about Woodland Cemetery and Arboretum, visit [woodlandcemetery.org](http://woodlandcemetery.org).

## Ohio Historical Marker

What a beautiful day to have Montgomery County's newest Ohio Historical Marker dedicated to the community. On Monday, October 2, 2017 a large crowd of attendees listened as Stephen Wright, great-grandnephew of Orville and Wilbur Wright, Frances McGee Cromartie, daughter of former Dayton mayor, James H. McGee, and Rev. Dr. Judith Norvell, great-great granddaughter of freed slave, Jordan Anderson spoke about their ancestors and loved ones and the contributions they made to the Dayton community. Each speaker showed great joy in their family member being forever remembered in name on the bronze marker provided by Ohio History Connection.

The marker is located just inside the entrance of Woodland Cemetery at the main gates. The community is encouraged to stop by to see the new sign and to visit the grave sites of the men and women who made it great in Dayton.

The Cemetery is currently open from 8 am to 7 pm daily. On November 5th, at the end of Daylight Savings Time, the cemetery will close at 6 pm.

## Volunteers Needed!

Woodland is seeking volunteers to lead tours and present programs to the public. If you like history and enjoy walking through the cemetery call us now for immediate training. Not interested in leading a tour, we have other positions as well: historical research and helping to plan out new tours, assisting with special events, public speaking engagements, researching family histories, sewing costumes for special events, researching and tagging trees and plants in the arboretum, office work, etc.

For more information on these or any of our volunteer activities, please contact Angie Hoschouer at 937-228-3221 or [ahoschouer@woodlandcemetery.org](mailto:ahoschouer@woodlandcemetery.org).
