A Timeline of Celebrated African Americans at Woodland Cemetery & Arboretum Part IV

Each year in February we celebrate Black History Month by introducing you to men and women of color who made their mark in Dayton's history. This year, we present a selected timeline of Dayton's Black History honoring those who are resting peacefully at Woodland.

What is Black History Month?

Black History Month was first proposed by black educators and the Black United Students at Kent State University in February 1969. The first celebration of Black History Month took place at Kent State a year later, from January 2 to February 28, 1970.

Six years later, Black History Month was being celebrated all across the country in educational institutions, centers of Black culture and community centers, both great and small, when President Gerald Ford recognized Black History Month in 1976, during the celebration of the United States Bicentennial. He urged Americans to "seize the opportunity to honor the too-often neglected accomplishments of Black Americans in every area of endeavor throughout our history".

THANK YOU for supporting us through our 180th Anniversary!

We hope you will continue to support the Woodland Arboretum Foundation as we move through 2022. Support of the Chapel restoration and preservation project is our most critical need as you will soon see the outside of the Chapel and Administration Building receiving new sandstone pieces and eroding and disintegrating elements replaced. Once the stonework is complete, the beloved Tiffany windows will return and be put back in place. The Tiffany mosaic floor will be restored and the beautiful interior woodwork will also receive a facelift. We are hopeful to open the doors to the public once again in late 2022.

Please consider making a first time donation or an annual donation to the Chapel Fund. Donate on our secure website by clicking below or click on the check to receive a donation form to mail in.
