The First Name in Stone Craft and Cemetery Bronze

Eagle Granite's Cemetery Bronze Selections

Eagle Granite has partnered with a state of the art 40,000 square foot, sand cast foundry in the US and will now begin offering assembled bronze and granite markers, bronze niche plates, mausoleum plaques, wall plaques, lawn plaques and bronze vases. Eagle's new bronze foundry partner is one of the leading bronze memorial plaque manufacturers in the world. You'll have access to a much larger range of bronze memorial designs from 3 unique design categories; **Traditional**, **Contemporary** and **Bronze Image** lines - *all made with pride in the USA.*

In addition to offering a large variety of **Traditional** bronze memorials, there is also a line of **Contemporary** memorials with the ability to cast in bronze almost any design that, in the past, was only offered in a granite marker. The foundry also has onsite pattern making ability to produce a large variety of sizes, styles, edge patterns, emblems and fonts; while the **Bronze Image** memorials integrate portraits and other custom images onto the bronze marker.

Our cemetery bronze consists of the highest quality bronze memorial, cast with 87% copper and finished with the best clear coat on the market. In addition we give you online selection, design, personalization, and ordering with accurate layout for approval in 2-4 business days and delivery of product in 4-6 weeks. And, with several decades of quarrying and manufacturing granite, Eagle also brings to the table an experienced management, sales and customer service team to help with all of your memorial needs.
